PERSONAL

H. C. SHOTWELL, mining engineer from Tucson, was among the arrivals today from the north.

MRS. VAN HALBERG will leave this evening for the east where she will spend some time visiting her former home in Hamburg, Iowa. Mr. Van Halberg is improving rapidly after suffering from a severe cold for a week.

D. J. SULLIVAN, state auditor, is here on official business with the county officials.

OWEN DOUGHERTY was a passenger last evening for the coast where he goes to visit his wife, who is spending the winter in Oakland. A. J. BOVARD left last evening for Luning where he is interested in silver development. Mr. Bovard is the father of the former Bovard district.

ED YEISER, better known as "Jumbo" the veteran prospector, is up from Toluca, accompanied by E. S. Harney and his brother, T. A. Harney, of Chicago.

E. P. KIMBALL, president, and C. Fred Hawkins, vice president of the Lafayette Mining company, motored up from Fish Lake valley this afternoon.

MISS K. G. SMITH, of the Tonopah Mining company, has been joined by her sister, Mrs. Alice Spencer and child, and are keeping house in the former home of Mrs. Travis Lynch.

LOS ANGELES OPENS GREAT SPEEDWAY

By Associated Press. LOS ANGELES, Feb. 20.—The new Los Angeles speedway, said by the drivers who have been working out on it for the past fortnight to be the fastest track in existence, will be formally dedicated to the sport of speed tomorrow. Twenty-one drivers have entered the fastest cars in the country for the 25-mile race, lured by a purse of \$25,000.

More than 30,000 spectators were expected to fill the stands today, all advance sales having been taken several days ago, and as the inside of the oval provides parking for thousands of cars it was expected the total attendance would be near 50,000.

UTAH GETS IN LINE FOR PARTY CONVENTIONS

By Associated Press. SALT LAKE CITY, Feb. 20.—April 3 has been set as the date for the meeting of the Utah democratic state central committee here for the purpose of choosing the date and selecting the city for the holding of the democratic state convention at which delegates to the national convention at San Francisco June 28 will be named.

The republican state central committee will meet February 23 to fix the convention date for the selection of delegates to the republican national convention.

RECORD MONTH OPERATION OF A LUMBER COMPANY

By Associated Press. WESTWOOD, Calif., Feb. 20.—The Red River Lumber company, owning one of the largest lumber mills in the world, located in Lassen county, holds the record for a single winter month's operation. In January four camps logged 14,900,245 feet of timber. It was hauled ten miles over logging roads. It is estimated that car shortage prevented the total from reaching the 17,000,000 foot mark.

CAME BACK ON TRAIN.

George Brissell and Casey McGregor, who started to walk across the continent yesterday, did not like the change of weather and returned home by train this morning.

AMUSEMENTS

CHARLES RAY AT BUTLER TONIGHT.

One of the best comedy dramas in which Charles Ray has appeared for some time, is "Greased Lightning," which will be shown at the Butler tonight. The photoplay affords Mr. Ray abundant opportunities for the display of his exceptional talents and that it will please is a foregone conclusion. The story deals with the trials and tribulations of a small town inventor struggling for fame and the heart of the skintight banker's charming young daughter, "Andy Fletcher." He wants to raise capital to promote it and arranges a big demonstration. It starts well, but the blamed machine explodes and bombards the entire company with potatoes. Andy trades his potato peeler for the remnants of a smashed automobile and proceeds to manufacture a joy wagon and enters it in a big auto race. "Greased Lightning," the name he has given his speedster, balks at the scratch and just as he gets it in working order, word comes that the banker has been assaulted and robbed and the villain is disappearing over the hill in a powerful car. Andy jumps into "Greased Lightning," passes all the racers on the track, dashes over the field to the open road and hits a pace that wins. Added to the feature will be a Bray Cartoon comedy. Tomorrow, remember that Larry Semon comedy "Between the Acts," the best ever, and Midge Kennedy in "The Blooming Angel." Monday, Anita Stewart.

CHINESE NEW YEAR.

The wash boys of Chinatown were too busy cleaning up Tonopah to spend much time on celebrating their New Year's day but the festival was not overlooked by Gong Tong, of the Foo Yuen laundry who gave a turkey dinner with Chinese duck soup to his fellow countrymen.

DISTURBING THE PEACE.

Justice Grier is occupied this afternoon hearing the cases of Nick Radoff against George Vuknerovich and Emil Koko versus Steve Canek on charges of disorderly conduct arising from a fight that was provoked last even by the transfer of the lease of the old Miners' bar.

STORY OF SILVER MINE TOLD BY SPANISH BELT

The Consolidated Spanish Belt Silver Mining company has issued two very interesting folders on silver mining from an investment standpoint and a statement of the operations of the company. The first, captioned "This is the Story of a Silver Mine" furnishing a lot of valuable information about the mine from the beginning in 1871 when Emanuel San Pedro in journeying south from the Comstock found the croppings which led him to make his location. From the shaft San Pedro is credited with shipping \$50,000 before he sold the property. The buyers produced \$500,000 before they were driven out in 1889 by water and high cost of operating at a long distance from a railroad. Three years ago the present company became convinced that the war would result in world wide demand for silver and bought the Spanish Belt, giving stock to the former owners who refused to sell outright. At that time silver was selling for 60 cents an ounce. The mine was reported to have lots of ore which would assay from 25 to 30 ounces in silver, together with bunches and streaks of high grade ore which would assay from 100 to 700 ounces. In other words, the milling ore was worth from \$15 to \$18 per ton and the high grade from \$50 to \$420.

Twenty months had elapsed during the driving of a new tunnel; silver had advanced in value from 50 cents to \$1 an ounce, so that the value of the ore in Spanish Belt had increased 66-2/3 per cent—an increase of over 3 per cent a month. In the meantime the water had been steadily draining from the old workings so work was started to the west from the end of the 1280 foot tunnel in June, 1919. A body of ore some 220 feet in length and averaging 4 feet wide, was opened. This orebody will average about 25 ounces in silver with some gold, with streaks of silver sulphides scattered through it assaying from \$0 to 350 ounces in silver to the ton. This was another orebody of magnitude opened by the new management.

Work continued in the east drift beyond the fault and on August 30, 1919, a third orebody was encountered. The drift picked up this orebody at its richest point and an average sample taken across five feet of the vein averaged better than 130 ounces in silver, while two feet in the center assayed from 300 to 725 ounces in silver and from \$43 to \$52 in gold to the ton.
